“BRIDGE TO SUCCESS” INVESTORS CONGRESS BECAME MEGA-SUCCESS!! GOOGLE-RANKING = No. 1 !!

„The only thing that counts is the result! And that it is evaluated from a neutral point of view!" was the guideline from Daniel ten Brinke, CEO of the EAGLE Group and Chief Organizer of the Bridge to Success Congress in Abu Dhabi, United Arab Emirates in March 2022.

But the final result surprised everybody: GOOGLE, the most important corporation in the world and the biggest benchmark in measuring the importance for companies and events all over the world, listed the "Bridge to Success" Congress at **NUMBER 1 in the UAE** – not only in Abu Dhabi (where it has already been listed at NUMBER 1 for the last six weeks), but under "investors congress UAE". This makes our Congress the most important one in the entire Emirates.

“There are over 15.4 million search results for the term there - that's incredible! Compared with more than 100 similar UAE-Events every year, it was our wish to become the most important Congress in the next 3 - 5 years. The fact that we have already achieved this goal after the first Congress with Google Ranking NUMBER 1 – and without spending a single Cent on Google Ads or similar - is an insane success! Our Strategy of putting **Content as Top Priority** is the right one! The Interviews, the great Speakers and the world-class Projects made this Success possible! We dearly like to thank everybody involved! With "Bridge to Success" **we stand on NUMBER 4 - with 3.2 billion results!** Now, we have to defend these great results!", says Daniel ten Brinke

The next Congress will take place in **October** (again in Abu Dhabi) and a number of registrations have already been received - not only from participants, but especially from projects that want to present themselves to investors and potential strategic partners on site.

The Congress in March showed that the concept of providing a forum for projects and companies to position themselves as experts has absolutely worked. Not only the Google result speaks for this, but especially the results of the participants, who were very satisfied with the discussions on site. Many have now founded their own company in the UAE and are looking forward to a very positive future.

We are looking forward to welcoming you in Abu Dhabi in October!

[Bridge to Success | Abu Dhabi: Investors Congress](#)

The Bridge to Success Group organizes one of the biggest **Investors** Congresses from March 22 - 24, 2022 in **Abu Dhabi** with more than 30 **Investors** representing ...

BRIDGE TO SUCCESS-CONGRESS

Thanks and Testimonials of the Participants!

"Success on Google is one thing, but Congress is not an end in itself! On the contrary! The only measure of a successful congress can only be the votes of the participants - that's all that counts!", says Daniel ten Brinke, CEO of the EAGLE Group.

We are very proud that our participants have given us an excellent testimony: Not only that all of them want to participate again in October, they also gave us a terrific testimonial on your social media channels, which makes us very proud and happy.

"This is, on the one hand, completely voluntary and, on the other,

anything but a given. I am really moved by such positive feedback!", says Daniel ten Brinke.

All Participants who took part in a Promotion Service of the EAGLE Group have received great contacts on site and many of them have already founded their Joint-Venture-Companies already!

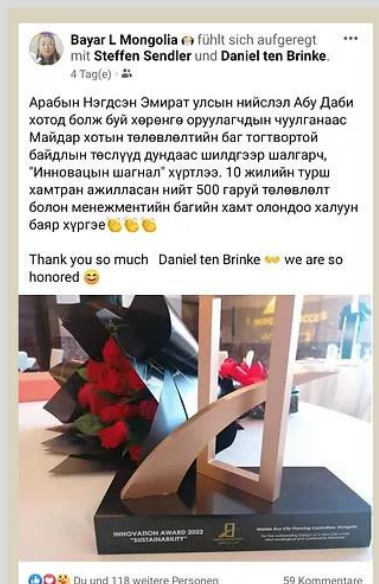

In addition to the social media channels, there will also be compilation in a video this week in which participants report on their results and experiences. These will be available - together with the recordings of the key notes – on the website:

www.bridge-to-success.com

The results prove that the strategies we have implemented for our Clients before and during the Congress to connect our Clients with perfectly fitting companies for investments and strategic partnerships absolutely work: Positioning the Clients as an Expert in the respective industry sector leads to a discussion and negotiation at eye-to-eye level – right from the beginning. You are directly in a better starting position than it would be in a classic pitch situation: The investor no longer perceives you as a supplicant, but as an equal potential business partner - a huge difference...

SELECTION OF TESTIMONIALS

Original Social Media Posts of our Participants

"The Mairdar City Planning Team was selected as the best sustainability Project and won the "Innovation Award" at the Investors Conference in Abu Dhabi, United Arab Emirates. Congratulations to the 500 Colleagues in the planning and management team who have worked together for 10 years. Thank you, Daniel ten Brinke. We are so honored."

- Bayartuul Lundeg, Project Lead, Mairdar Eco City, Mongolia

"Thus, the day of the Company Registration of Promarket UAE can begin. We start with mobile and stationary Diagnostic Center Structures in Abu Dhabi at the point of interest. In this context - once again - many thanks to Daniel ten Brinke for his support and the many expert discussions during the Bridge to Success Congress in Abu Dhabi."

- Ullrich Aufenberg, Supervisory Board, Promarket AG, Germany

- Prof. Dr. Andreas Furrer LL.M.
University of Luzern &
Chief Legal Officer
Zenotta AG, Switzerland
