The Year 2023 – A Year full of Challenges and Opportunities

First of all, we would like to wish you and your families all the best for the year ahead. After two years that have been anything but ordinary, we will continue to face unique challenges in 2023: The war in Ukraine, higher energy prices, rising inflation and the change in the interest rate policy of the state banks are yet to have an impact. Now it is time to prepare for the future – and we are looking forward to supporting you here: In the last few months, we have established additional **Free Zone Companies for a number of existing clients**, which are the sole property of the foreign shareholders and offer them the opportunity to obtain a **"Residence Visa" in the United Arab Emirates (UAE)**. This offers the possibility of an own bank account to have the security of having dividends in a separate jurisdiction, in case that the demonetization in Europe and America continues.

Please do not listen to those unspeakable "Influencers" who promise you simple tax freedom!

In our [Online Business Workshop](#) of the [UAE Academy](#) we give detailed and serious advice in this area. What to expect and how to get in touch with the relevant partners in the UAE. You will save a lot of time and money! Contact us – we will be happy to advise you!

Last year, we were able to expand our network even further by organizing the **Investors Congress "Exchange of Excellence"**, which also led to a whole series of new and positive developments for our customers of course.

For example, we can report that the **Dubai Health Authority (DHA)** has encouraged us in particular to motivate German and European companies to discover the UAE as a market for themselves.

Daniel ten Brinke (CEO, EAGLE Group) with Dr. Younis Kazim (CEO of Dubai Healthcare Corporation) and Dr. Marwan AlMulla (CEO of Health Regulation Sector).

Especially medical products and medical know-how (up to the operation of clinics) meet with **open ears from authorities and local investors!**

Furthermore, the Field of Sustainability (i.e. everything that has to do with carbon reduction, green energy etc.) is very interesting for the Emirati market. In a conversation with the **Ministry for Climate**

Change and Environment, we were informed about the strategies with which the UAE wants to become CO₂ neutral by 2025.

Daniel ten Brinke nach dem Meeting mit H.E. Eng. Eissa Al Hashemi, Undersecretary for Sustainable Communities, Green Development & Climate Change

Foreign know-how and technologies as well as new ideas are always welcomed with open arms. If you would like to get involved in this field, we would be happy to put you in touch with all authorities and investors.

Use the UAE! Not only as a potential investor, but also as a door opener to new markets!

Not only the Arab market is relevant: **Through our Arab partners, our customers were able to open up sales markets in Asia, India and Africa last year**, which are usually almost impossible to enter for medium-sized companies.

The future lies in new markets - USE THE CHANCE!

SAVE THE DATE: 29. & 30. APRIL 2023!

Next Investors Congress in the UAE

The good news first: We were able to defend **the TOP-Position on Google** and remain at Number 1 under "*Investors Congress UAE*"! Also "*Bridge to Success*" and even in general with "*Investors Congress*" we remain at **Number 1 on GOOGLE!**

"It is a terrific result, which we never expected so – especially in such a short time. Of course, we wanted our work to be recognized and our unique approach to be appreciated, as we consciously try to make our events stand out positively from the

competition: For us, it's not just about selling tickets, but about a genuine exchange of content for the benefit of our customers! We take our motto "**Exchange of Excellence**" literally: We bring together the best experts for an exchange of content and honor the best achievements in research and business with our **INNOVATION AWARDS,**" explains Daniel ten Brinke.

The magnificent results of the last year are of course an obligation for the future.

Our next Congress will be held in Abu Dhabi on April 29 & 30: Take advantage of this unique opportunity to connect with the UAE's most important Investors.

Become a Sponsor and present yourself on the podium in front of all participants and investors – a unique opportunity!

References, picture galleries and videos, which will give you an impressive picture of the last events, can of course be found on our website – just click on the link below!

MEET THE GERMAN AMBASSADORS!

We are the only Consulting Agency in Germany that has been given the incredible Honor of conducting **Interviews (in German language) with the most important Representatives of the Federal Republic of Germany in the Arab World.** We are very proud of the Result!

The Representatives in the UAE also gave the promise to visit our Investors Congress in April. On the Initiative of the German Ambassador in Saudi Arabia, we are planning to hold a Congress in in cooperation with the German Embassy in Saudi Arabia as soon as possible.

Interested Companies can already register now!

THE UAE BUSINESS ACADEMY

In August last year, we founded the [UAE Business Academy](#) to offer experts a meaningful platform for intellectual exchange and – at least as important – to share our know-how and experience with you. It is a unique Opportunity and we were very surprised by its success.

Use the Platform to **become a Speaker** and share your thoughts with people from all over the world. Whether it will be a Key Note on the

Congress or a simple Interview. Join this unique Club of Experts!

In [30 Videos](#) we explain in detail what you can expect from the UAE, how the right communication works, what costs you can save and how to make the right contacts.

Until **January 30, 2023**, the Workshop is completely free-of-charge, but certainly not useless!

Don't waste your time and money! Use our tips to make sure you make

the right decisions. [The Online Workshop](#) will help you to distance yourself from false promises.

We look forward to exchanging ideas with you.
